Albuquerque Museum and the Albuquerque Museum Foundation are proud to present to our members *Visions of the Hispanic World: Treasures from the Hispanic Society Museum & Library*, November 10, 2018-March 31, 2019.

Albuquerque Museum is honored to be the first host in the United States for this extraordinary, world class exhibition. Please be a MasterWorks sponsor of this special exhibit.

“Visions of the Hispanic World: Treasures from the Hispanic Society Museum & Library tells a rich story of cultures settling in Spain and bringing the best and most innovative elements of their heritage to the Iberian Peninsula. New Mexico is culturally rich in diversity and historic heritage. This exhibit allows New Mexicans and our visitors to celebrate world cultures through exceptional artistic masterpieces of a nation linked through history to many who live here. Works of art from prehistory into the Modern era demonstrate the wealth of knowledge we can gain from new communities willing to contribute their best to a new land,” says Museum Director and former Curator of Art Andrew Connors. This exhibition is curated by the Hispanic Society and organized in collaboration with the Prado Museum in Madrid.

As a MasterWorks sponsor you can choose from over 200 of the Hispanic Society’s most exceptional works spanning 400 years, including:

- Paintings, sculpture, decorative arts and manuscripts from Medieval, Golden Age, and 18th-century Spain and Latin America,
- Archaeological works from the Iberian Peninsula,
- Latin American colonial and 19th century paintings, sculpture, decorative arts, manuscripts and Spanish paintings of the 19th and early 20th centuries.
